

Due to growing concerns of unauthorized entry through the Chukker Creek Gate, the gate has been ***CLOSED TO ALL TRAFFIC***. You cannot enter or exit via the Chukker Creek Gate until power has been restored to that area.

ADPS and Aiken County EMS have been informed and will update dispatch with this change.

If you have an emergency call to any emergency response company, please reiterate the closure.

Please inform your neighbors about this closure as many residents do not have power or internet services at this time.
