

Update 10/14/2024

The City of Aiken expects to begin debris clean-up of residential properties this week. They will be using an outside vendor so please do not be alarmed when you do not see City trucks collecting the debris. The residential haul off of will not have an additional cost to you.

There will be a cost for hauling debris from POA Common Areas. If you continue to dump your debris on common areas, please note that is significantly driving our cost for removal up. Please remove your debris from Common Areas and stop this action immediately.

The Chukker Creek gate remains closed on the entrance side. You can exit the gate but will have to use another gate to enter.

If you had a barcode installed on your vehicle since Hurricane Helene, it will not work at East Gate. The cellular data card that transfers the barcode information to the gate was damaged and has to be replaced. The part has been ordered and an update will be provided as soon as it is installed.

The roadways in Woodside are still full of debris, please drive carefully around the road hazards.
